

DIAMOND3 Miter Saw

Arbor Motor - 20 HP Direct Drive
50mm Shaft size

FULLY PROGRAMMABLE

Ease at you finger tips! The only time you lift a finger is to program your next project.

TOP QUALITY STONE EQUIPMENT & SUPERIOR SERVICE

The technicians you've trusted to install and maintain your stone fabrication equipment for over 10 years, now offer an outstanding machine with the best 3-year warranty, unmatched in the stone industry. New in 2020, BridgeSaw.com, powered by Machine Tech Enterprises, is introducing the Diamond 3 Bridge Saw – "The saw every fabrication shop needs." This saw is truly the workhorse of the industry as it pairs raw power from its 20 HP main cutting motor with fully programmable computer, so the only time you lift a finger is to program your next project. Speed up production with 10 ft./minute cutting, automatic rotating table, miter, and plunge cutting. All of this at a price that will make you want to buy two!

No Sick Days!

With our industry best 3-year warranty you won't have to worry about sick days with the Diamond 3 Bridge Saw. We are so confident in the quality of our Diamond 3 Bridge Saw, that we offer first year parts and labor, second year parts and third year 50% off parts! We also offer UNLIMITED phone support for the first 3-years of ownership.
