FEATURES

We don't believe in charging for upgrades, so we include all of the following and more on this amazing machine

Unique Features

- Direct drive motors that raise and lower with the touch of a button simplifies adjustments to polish.
- With simple design, the **MTE BridgeSaw Diamond11**, can be rapidly installed and started. It can be floor-anchored and does not require any foundations.

The same outstanding service, support, repair and installation team that serve you as **Machine Tech Enterprises**, is growing with a new identity and more to offer. Our mission is the same ... to offer outstanding service to our customers. Now, we're offering our own Machines too.
